STATISTICAL REPORT

Volume V

Prepared by John Vosejпка

FOREWORD

Here it is!! The culmination of over 150 hours of viewing games, compilation, typing, mimeographing, and binding is now in your hands.

Of course, any report of this type could not be accomplished without the help of many people. I would like to express my thanks to the coaches (and their assistants) of every team in the conference for their help, assistance and cooperation. A very special thanks goes to Lloyd at Johnson, Norm (and Marlene) at Humboldt, Bernie's Female Brigade at Harding, Rickie Freeze at Central, and Scott Printz from Highland Park. Without the help of everyone I have mentioned, this report could never have been produced.

My sole objective in compiling the statistics for the city has always been to give just recognition to those players and coaches who deserve it. One must always remember that a player's ability cannot always be measured solely on his statistics.

Finally, I would like to point out to you that these statistics are not official. But until someone else takes over 150 hours of their time (without pay) to compile the basketball statistics, as I have, I consider these statistics, as I hope you will, official.
