BOYS'
BASKETBALL**

STATISTICAL REPORT

Volume VI

Prepared by John Vosejka

FOREWORD

It's hard to believe that another conference basketball season has passed--but it has. For the sixth consecutive season, I have compiled a statistical report recapitulating the highlights of the just completed season. This report is the culmination of over 150 hours of viewing games, compilation, typing, mimeographing and binding. I hope that you truly appreciate the time, effort and pride that I have placed in this report.

This report is, by no means, the effort of just one individual. My thanks go to every coach (and assistant) in the conference for their assistance in submitting the statistical reports to me. My thanks also to "Lefty" Gilleland for his cooperation. Without the help of all that I have mentioned, this report could never have been produced.

As I have stressed in previous reports, my sole objective in compiling the statistics for the city has always been to give every player and coach in the conference some sort of recognition (which they all deserve) and to give special recognition to those that excel in a particular category. One must always remember that a player's ability cannot, and should not, be measured solely on his statistics.

In closing, I hope that all parties concerned would continue in their efforts to secure a position for me as statistician in the conference. I have patiently waited for six years. It would be regrettable if this statistical report would be my last.

John A. Vosejka
