Statistical Report

Volume XXIV

Prepared by John A. Vosejпка

FOREWORD

The 89th season of St. Paul City Conference Boy's Basketball is now history. You were part of that history. My 24th annual report is a look at the statistics of the just-completed season, as well as past seasons. It is the culmination of over 50 hours of compilation, typing, duplication and binding.

This report is, by no means, the effort of just one individual. My thanks go to every coach for submitting their home game statistics. You made this report possible!

As I have stressed in previous reports, my sole objective in compiling stats for the conference has always been to give every player and coach in the conference some well-deserved recognition and to give special honor to those that excel in a particular category. Remember that a player's ability cannot, and should not, be measured solely on his statistics.

What kind of year was it in the conference? The conference champ suffered its only loss to a team with a losing record (Harding beat Cretin-Derham). A team beats another conference team for the first time ever (Como Park beat Central). The team with the most wins in conference history (Central) has its first losing season since 1956. Cretin-Derham Hall won its fifth consecutive conference title (winning three outright and sharing the other two with Central). The Len Horyza coached Raiders also qualified for the state tournament for the fifth straight year, finishing sixth in the state. Raider Jeff Ellens won the scoring title for the second year in a row and became the 23rd player to average at least 20 points per game in a season (20.2). Jeff's career average of 18.0 vaults him to 12th on the all-time conference list.

As you peruse the pages of this and previous reports, I hope that it will help you remember the players, teams and records of St. Paul City Conference Boy's Basketball. See ya!
