

# ST. PAUL CITY CONFERENCE BASKETBALL

'74-'75

## STATISTICAL REPORT

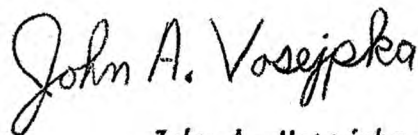

## FOREWORD

The composition of this statistical report took approximately 85 hours--15 hours of viewing actual games; 20 hours of preparing the weekly statistics (i.e., compilation, typing and mimeographing) and 50 hours of preparing this report (compilation, typing, mimeographing and binding).

At this time I would like to thank the coaches for their help and cooperation. A very special thanks to Steve "Bear" Studer, Anne Green, Betty Richardson, and Karl Dickman for their promptness in submitting the game summary sheets. Thanks also to Marge Holderness for her cooperation. Without the help of everyone I have mentioned, this report could never have been produced.

My sole objective in compiling the statistics for the city has always been to give just recognition to those players and coaches who deserve it. One must always remember that a player's ability cannot always be measured solely on his or her statistics.

Finally, I would like to point out to you that these statistics are not official. But until someone else takes 85 hours of their time (without pay) to compile the basketball statistics, as I have, I consider these statistics, as I hope you will, official.
