## FOULS (MISCELLANEOUS)

There were 1,582 personal fouls called this season (compared to last year's 1,554 personal fouls called--a 1.8% increase in the amount of personal fouls assessed this season). There was an average of 28.8 personal fouls committed by both teams in each game (compared to 28.3 personal fouls per game last season). With the inception of the no foul-out rule, it is hard to estimate how many players would have fouled out since some players were left in without regard to fouling out. However, for comparison sake, I projected any player with five or more fouls as one that fouled out. 66 players fouled out (compared to 38 last season--a whopping 73.7% increase in the amount of players who potentially fouled out).
